A third day is allowed after the Winter Break.**
- 12th Grade** **Four days per week commencing with the start of the school year.**

This openness promotes the growth and development of individual responsibility and accountability that we strive to instill in each of our students. It likewise requires each student to act responsibly both in and out of the classroom. Student safety is of utmost concern to us, and we will be working with the students starting at Orientation and throughout the year to help assure their awareness of safety issues.

The school itself is not responsible for the actions taken by any of the students during the school day when they exercise their rights under the open campus policy. By asking you and your parent(s) to read and sign this Open Campus Permission form, we are formally reminding you that we encourage and expect you to reinforce the notion of individual responsibility that each student maintains by attending such a campus. We ask that you sign below acknowledging that the school assumes no responsibility for the actions taken by students during or as a result of the open campus policy, or for the consequences.

Our students have appreciated the trust and responsibility placed upon them as they have experienced the opportunities of an open campus in the city. However, the nature of an open campus environment requires us to continue to reinforce the primacy of this notion of self-responsibility.
